## Front End Developer

 (940)735-0120  felipemorales20@yahoo.com  2900 Saddle Dr. Denton Texas, 76210

### OBJECTIVE

I am a Junior Front End Developer. I have worked in a range of projects from customizing user experience with esignature services to building responsive financial loan applications including, Apple Inc. I am seeking a role where I am given the opportunity to aid in fulfilling the organization's needs, as I expand my experience, skills, and expertise.

### EXPERIENCE

#### Barclays Capital 2014 – Present

#### Front End Developer

- Hand coding of CSS, HTML, JavaScript.
- Assist in Solving Front End bugs for different projects within the team.
- Deployed and pushed client code using GIT GUI and WIN SCP.
- Modified DocuSign XML and HTML files for different areas of the bank.
- Used OpenShift integration service to manage and deploy code to apaas.
- Generated database scripts using SQL to edit and find differences between insert statements and tables.
- Assist in testing desktop web applications and tablet.
- Develop and prototype a forecasting and capacity planning web application using bootstrap and highcharts.js.

#### Samsung 2014 -2014

#### Technical Support

- Interact with customers to provide and process information in response to inquiries, concerns, and requests about products and services.
- Diagnose and resolve technical hardware and software issues of Samsung mobile devices and tablets.
- Identify and understand issues, problems, and opportunities; compare data from different sources to draw conclusions; use effective approaches for choosing a course of action or developing appropriate solutions; and take action that is consistent with available facts, constraints, and probable consequences.

### Profile

I was born and raised in Colombia, moved to the United States when I was 17 years old. In my down time, I enjoy learning new technologies and improving my skills. I also like to network with other colleagues and spend quality time with my family and fiancée.
